WELL DEVELOPED INFRASTRUCTURE FOR CONFERENCES

Beside the numerous conference hotels, the city offers much more...

The town's main natural treasure is Lake Balaton that plays a key role in the everyday life of Siófok with its 17 km coastline.

During summer, the waterfront with its ice-cream parlours and cocktail bars fill up the whole city with a Mediterranean atmosphere. During the autumn-winter season, the town is packed with high-quality gastronomy festivals and family programmes. Beside bicycle tourism the lovely festivals take over the Main Square, while towards the colder season, we have the Town Day, the Christmas Market and the New Year's Eve Party to celebrate the end of the year.

In any season, it is always nice to return to Siófok! Those who have been to Siófok know that no matter the weather, the memories made here will lead their hearts back to us.

Chill out on the beach, try out different water sports, take a boat trip, watch the beautiful sunset by the lake and take the most amazing photos ever... on the shore of Lake Balaton!
